### NO TIP CREDIT

There are no tip credits against the minimum wage allowed in Minnesota. Employers of wait staff or other tipped employees may not use employee tips to offset the minimum wage. Tipped employees must be paid the minimum wage for all hours worked.

### OVERTIME

Under Minnesota law, employers are required to pay 1½ times the regular rate of pay for all hours worked more than 48 in a seven-day period. If the employer or employees are federally covered, then overtime must be paid for all hours worked more than 40 in a seven-day period.

### REST PERIODS

Although Minnesota law does not require an employer to give any specific amount of time for breaks, employers are required by law to allow an employee to use the nearest restroom facility once every four hours and allow sufficient time to eat a meal once every eight hours. Any break less than 20 minutes long must be paid.

## WHO IS COVERED?

The minimum wage law covers full-time and part-time employees, whether paid hourly rates, commissions, salaries or piece rates.

Tipped employees are also covered; Minnesota does not allow for tips received by employees to be credited toward the payment of minimum wages.

Under the law, employers must pay their employees the minimum wage for all hours worked.

“Hours worked” includes training time, waiting time, rest periods of fewer than 20 minutes and any other time the employees must be at work.

- taxicab drivers;
- volunteers of nonprofit organizations;
- people providing police or fire protection; employees subject to the provisions of the U.S. Department of Transportation (drivers, drivers' helpers, mechanics and loaders);

Final wages must be paid to a terminated employee within 24 hours of the employee's demand and on the next scheduled payday to an employee who voluntarily quits (Minnesota Statutes §§181.13, 181.14, 181.145).

## FORMS OF PAYMENT

Employees cannot be required to accept payment of wages via direct deposit or payroll card. If an employee opts out of using direct deposit or a payroll card, the employer must provide payment of wages via check or cash.

## PUPOSE OF THE THE MINNESOTA FAIR LABOR STANDARDS ACT

The Legislature declared the purpose of the Minnesota Fair Labor Standards Act is:

1. to establish minimum wage and overtime compensation standards that maintain workers' health, efficiency and general well being;
2. to safeguard existing minimum wage and overtime compensation standards that maintain workers' health, efficiency and general well-being against the unfair competition of wage and hour standards that do not; and
3. to sustain purchasing power and increase employment opportunities.
