

PIPELINE PROGRAM

INDUSTRY-BASED. EMPLOYER-DRIVEN. DUAL-TRAINING EXPERIENCE.

WORKFORCE COMMUNITY CONVERSATION

Learn about the PIPELINE Program and how it can help your company meet its workforce needs.

You are invited to share your unique workforce challenges and successes, network with other business leaders, and learn about the [PIPELINE \(Private Investment, Public Education, Labor and Industry Experience\) Program](#).

Why PIPELINE?

Minnesota's economy is booming, but finding talent in today's tight labor market continues to be a challenge for many employers. The PIPELINE Program is an innovative approach to address current and future workforce needs through employment-based dual training. The program works with employers to change the conversation from "How do we find workers with the skills we need?" to "How do we GIVE workers the skills we need?"

The PIPELINE program specifically focuses on advanced manufacturing, agriculture, health care services, and information technology.

COMMUNITY CONVERSATION OVERVIEW

- **Discuss** your current workforce challenges, successes, innovative approaches
- **Share** ideas and suggestions about how best to meet workforce needs
- **Learn** about the PIPELINE Program and dual training model
- **Ask** questions of the PIPELINE Program staff
- *****Light refreshments will be served*****
